Brooklyn Center for Independence of the Disabled – Diabetes Peer Support Group	Living with Diabetes, a free six-session, peer-led diabetes self-management program based on the Stanford University program for those living with diabetes or caring for someone with diabetes. Purpose of this workshop is to enhance skills and ability to manage health and maintain an active and fulfilling lifestyle.	Workshops are ongoing with dates that vary and depend on interest. Flexibility of attendance by location; Brooklyn and The Bronx. Space is limited; you must register to attend. Visit website for more info: https://www.bcid.org/service/peer-support-groups/	For more information call Risto at 718-998-3000 or email info@bcid.org .
Health People – Community Preventive Health Institute	Diabetes Conquerors Program is a groundbreaking program that brings together the skills and determination of community residents to reverse the Bronx’s crippling diabetes epidemic. Launched by South Bronx women who decided to become diabetes prevention educators, it now also includes diabetes self-care education and an unique program of peer-delivered foot care education designed to bring down the Bronx’s extremely high diabetes-related foot amputation rate. Health People’s Peer Training is designed to give people with limited education and work experience the skills to succeed and to successfully deliver community health solutions regarding health topics such as diabetes and smoking cessation.
